

EXCELSIOR COLLEGE EXAMINATIONS (ECEs)

Webster University awards credit for the **Excelsior College Examinations (ECEs)**. Specific information about ECE exams is available on the [Excelsior Exams website](#).

Prior to completing an ECE exam, it is recommended that you discuss this with your academic advisor. There are many factors to consider, such as how it will apply toward degree requirements, potential duplication of credit, and whether you have already transferred the maximum number of credits in any category.

Webster University faculty reviews the content of the ECE exams to determine course equivalents and required scores. The following chart provides a list of ECE exams considered for credit at Webster.

Note: Exams are listed for relevancy to the Global Citizenship Program (GCP) and the academic departments. For questions about how ECE exams apply to the previous general education model, please see an advisor. If a student has questions about which general education program they are to follow, they should confer with their advisor or admissions counselor.

Exam Number	ECE Exam	Required Score	GCP Equivalent	Department Equivalent	Credit Hours & Level
459	Abnormal Psychology	C	Social Systems & Human Behavior (SSHB)	PSYC 3125 Abnormal Psychology	3 upper

367/512	World Conflicts Since 1900	C		General Elective	3 upper

Nursing Exams:

Credit may not be given if a student has earned credit in basic nursing education. These examinations are normally not used as part of a BSN program. Credit may not be granted for exams that duplicate content or areas.

Upper level credit may be considered, if content not duplicated by previous coursework. Students must receive approval from Chair of the Nursing Department and the Registrar prior to taking exams.

Exam Number	ECE Exam	Required Score	Equivalent	Credit Hours & Level
554	Adult Nursing	C	General Elective	8 upper
546	Community Focused Nursing	C	General Elective	4 upper
