

Webster University awards credit for the **Advanced Placement (AP) Program**. These tests are administered by the College Board in U.S. high schools.

To receive credit, entering students must request the College Board/AP Services to send official test results to the University. Generally, scores from the senior year of high school reach us in late July, and we notify students in writing of the credit they'll receive shortly thereafter.

For information on how a student can request an official copy of the AP score report, go to the [College Board website](#). The College Board code for Webster is **6933**.

Webster University faculty reviews the content of the Advanced Placement Program to determine course equivalents and required scores. The following chart provides a list of AP courses considered for credit at Webster.

Scores of 3 or higher are required for credit toward the Global Citizenship Program (GCP). For the department equivalent, some may require a score of 4 or 5. If there is no GCP or department equivalent listed, the exam will come in as general elective credit. Refer to the listed score in chart below.
